HIGH MILEAGE AWARD APPLICATION

BMW Motorcycles is the first choice for serious long distance riders. Whether the riders blaze their own paths traversing the globe on the GS or riding the paved scenic roads across the US on our road bikes, the blue and white roundel is the only marque they trust. To celebrate these riders who put hundreds of thousands of miles on BMW bikes, BMW Motorcycles US has been offering this special high mileage recognition award program for over three decades. Any rider, through a dealership, that can prove they have been riding BMW bikes for 100,000 miles or more, will be recognized by this program and receive a special medallion, bike emblem and a certificate.

Dear Sirs:

Please consider a Mileage Award for the following individual, who has appeared before me and who has satisfied the requirements for this Award, as established by BMW Motorrad USA.

(Please check one)
